

Lab VIEW Based Project Titles

S. No.	Project Title
1.	Low voltage motor protection & control – industrial Process applications
2.	Design of low cost DAQ for Lab VIEW
3.	Gas detecting surveillance Robot
4.	Wireless Measurement and Control System for Environmental
5.	Parameters in Greenhouse
6.	Automated boiler temp, pressure and flow monitor and control using Lab VIEW
7.	Lab VIEW Based Automatic Rising and falling speed control of Stepper motor.
8.	An solar panel automated Position control according to SUN using Lab VIEW
9.	Wireless Rotor RPM measurement using Virtual Instruments
10.	Wireless Health monitoring system
11.	Virtual Instruments for measuring Voltage, Resistance, Temp and Pressure.

12.	Design and Implementation of BP Neural Network Based on in Fault Diagnosis
13.	Intelligent Analyzer For Home Care Blood Pressure Measurement
14.	Novel Design Solutions for Remote Access, Acquire and Control of Laboratory Experiments on DC Machines
15.	Control of Fuzzy Based Mine Detecting Robot
16.	XBee Wireless Sensor Networks for Heart Rate Monitoring in Sport Training
17.	A Self-Controlled Energy Efficient Office Lighting System
18.	Air condition Control System of Weaving Workshop using Lab VIEW
19.	Based on NImyDAQ Sound Processing System using Lab VIEW
20.	Implementation of Wireless Sensor Network based Human Fall Detection System using Lab VIEW
21	Simulation of Dimmer Circuit for Daylight Harvesting using Lab VIEW
22	Staying-Alive Path Planning with Energy Optimization for Mobile Robots using Lab VIEW
23	System on Temperature Control of Hollow Fiber Spinning Machine Based on Lab VIEW

24	The Application of in Data Acquisition System of Solar Absorption Refrigerator using Lab VIEW
25.	Design and Implementation of Embedding Web Server for Real Time Data Acquisition and Logging System using Lab VIEW
26.	Design of Real Time Data Acquisition with Multi Node Embedded Systems using Lab VIEW
27.	Energy Conservation in Smart Home using Lab VIEW
28.	A Novel Water Level Monitoring and Control of a Large Building using NI Lab VIEW
29.	Robot Aided Remote Medical Assistance System using Lab VIEW
30.	A DC Motor Speed Controller using Lab VIEW
31.	Data Acquisition and Supervisory Control System for Environmental Parameters in Greenhouse using Lab VIEW
32.	Design & Implementation of Smart House Control using Lab VIEW
33.	Design of a Robotic Arm for picking and placing an object controlled using Lab VIEW
34.	Design of microcontroller based wireless SCADA system for real time data using Lab VIEW

35.	Position Control System Design Based On Lab VIEW
36.	Data Acquisition System Design using Lab VIEW
37.	Design And Simulation Of Temperature Measurement circuit Based On And Multisim using Lab VIEW
38.	Motor Parameter Measurement and Testing System Based on
39.	Design and Development of Mobile Based Smart Tele-Health Care System for Remote Patients using Lab VIEW
40.	Based Alarm Systems In Home using Lab VIEW
41.	Simulation of a Real-Time Bus Arrival Predictor using RFID and
42.	Controlled Robot
43.	Controlled Wireless Robot using Lab VIEW
44.	Solar Tracking System using Lab VIEW
45.	RFID Based Access System using Lab VIEW
46.	RFID Based Automated Billing using Lab VIEW
47.	Biometric Based Attendance System using Lab VIEW
48.	Interfacing GSM Modem to
49.	Interfacing GPS Modem to
50.	Wireless Data Logging System using Lab VIEW
51.	Gesture Based Home Automation

TechWiz Indore

303,3rd floor Madhur View,Tower Chouraha-Bhawarkuan Road

Near ICICI Bank, Indore. (M.P.)

Phone: 0731-4074322

Mobile: +91-9691901570, +91-9977728991, +91-9926668897

Website: www.tech-wiz.co.in Email: info@tech-wiz.co.in

TechWiz Bhopal

195,Mandakini Socity,behind Reliance fresh, Near My Car.

Kolar Road,Bhopal.(M.P.)

Mobile: +91-9691901570, +91-9977728991,+919926668897

Website : www.tech-wiz.co.in Email: info@tech-wiz.co.in
